

Be the voice for a child in foster care.

Volunteer with Voices for Children.

With the support of a Court Appointed Special Advocate (CASA) volunteer, a child in foster care is more likely to succeed, receive vital services, and find a safe, permanent home. CASAs work one-on-one with a child or group of siblings. They get to know the children, gather important information from reports and professionals on the case, and advocate for the children's best interests related to their education, health, living arrangements, and general well-being. No experience is necessary. We provide all the training you'll need, plus a dedicated staff member to partner with you on the case.
